

Guidelines for the Successful Completion of ENGT 435W Senior Design Project via Approved ODU Student Competitions

Form 1 Procedure:

Civil Engineering Technology (CET) students interested in obtaining credit for ENGT 435W Senior Design Project may be able to do so by participation in approved ODU student competitions. Those interested shall submit an application to the CET Program Director prior to the start of classes. Two options are available: (1) complete two regular student competitions, or (2) join either the Engineering Without Borders (EWB) Chapter or the Solar Decathlon Project.

noted below. Other discipline-related competitions may be approved upon written request to the CET Program Director and the instructor of record for the senior design project.

1. ACI Student Competitions
2. ASCE Bridge or Canoe Competition

ENGT 435W Senior Design Project via
Approved ODU Student Competitions**

Form 2 Application:

I am requesting to complete my senior design project via participation in student competitions. I fully understand that my participation and performance in such events will be used to determine my final grade in ENGT 435W. By signing this document, I agree with the terms of this contract and commit to actively work for the success of this project. I will submit a copy of this application to the CET Program Director and the instructor of record for ENGT 435W.

1. Name: _____
2. Student UIN: _____
3. Email: _____
4. Phone: _____
5. Expected graduation date: _____
6. Competition
 - a) Name of competition: _____
 - b) Faculty Assessor: _____
